### **Section 214 Application**

**Applicants: Winstar Communications, LLC; Winstar Communications of Arizona, LLC; Winstar of Delaware, LLC; Winstar of Georgia, LLC; Winstar of Hawaii, LLC; Winstar of Indiana, LLC; Winstar of Louisiana, LLC; Winstar of New Jersey, LLC; Winstar of New York, LLC; Winstar of Pennsylvania, LLC; Winstar of Virginia, LLC; and Winstar of West Virginia, LLC**

On July 15, 2004, Winstar Communications, LLC, located at 520 Broad Street, Newark, NJ 07102 filed an application with the Federal Communications Commission (FCC or Commission) on behalf of itself and certain of its subsidiaries including Winstar Communications of Arizona, LLC; Winstar of Delaware, LLC; Winstar of Georgia, LLC; Winstar of Hawaii, LLC; Winstar of Indiana, LLC; Winstar of Louisiana, LLC; Winstar of New Jersey, LLC; Winstar of New York, LLC; Winstar of Pennsylvania; Winstar of Virginia, LLC; and Winstar of West Virginia, LLC (collectively, Winstar or Applicants), requesting authority, under section 214(a) of the Communications Act of 1934, as amended, 47 U.S.C. § 214(a), and section 63.71 of the Commission's rules, 47 C.F.R. § 63.71, to discontinue the provision of certain domestic telecommunications services to customers in certain geographic areas.

In its application, Winstar indicates that it plans to discontinue the provision of local, domestic and international long distance, toll free, ATM, frame-relay, switched private line, and other high-speed data transmission services to non-federal customers in a number of locations nationwide. Specifically, Winstar seeks authority to discontinue ATM, frame relay, and switched private line services in the District of Columbia and all states except Alaska, Maine, and Vermont. Additionally Winstar requests authority to discontinue local, domestic and international long distance, toll free, and other high-speed data transmission services in Connecticut, the District of Columbia, Maryland, New Jersey, New York, and Virginia. In a letter dated July 30, 2004, Winstar clarified that it also seeks authority to discontinue high-speed data transmission services and/or local exchange, long distance and toll free services to a relatively small number Arizona, California, Colorado, Connecticut, Florida, Illinois, Indiana, Massachusetts, Minnesota, Pennsylvania, Rhode Island, Texas and Washington. Winstar

states that it intends to discontinue the relevant services to these customers on August 31, 2004 (for service locations outside of Oregon) and September 30, 2004 (for service locations in Oregon) or as soon thereafter as the necessary state and federal regulatory authorizations have been obtained. Winstar indicates that this application does not affect its federal government customers, Winstar's fixed wireless services and offerings supporting mobile carrier infrastructures; cable, Wi-Fi and other backhaul systems; private circuits; closed networks; and spectrum lease offerings, all offered nationwide. Winstar further states that it provided written notice to all affected customers by one of three letters mailed out on either June 15, 2004, June 18, 2004, or June 30, 2004 in conformance with section 63.71(a) of the Commission's rules.

In accordance with section 63.71(c) of the Commission's rules, the application, as clarified by Winstar, will be deemed to be automatically granted on the thirty-first (31st) day after the release date of this notice, unless the Commission has notified Applicants that the grant will not be automatically effective. In Winstar's application, and notice to its customers, Winstar indicated that it would not discontinue service to customers in the District of Columbia and all states except Oregon until August 31, 2004, and to customers in Oregon until September 31, 2004, or as soon thereafter as the necessary state and federal regulatory authorizations have been obtained. Accordingly, pursuant to section 63.71(c), absent further Commission action, Winstar may not terminate to the customers in Oregon affected by this application until September 30, 2004, and to all other affected customers until August 31, 2004. The Commission will normally authorize proposed discontinuances of service unless it is shown that customers or other end users would be unable to receive service or a reasonable substitute from another carrier, or that the public convenience and necessity would be otherwise adversely affected.

This proceeding is considered a "permit but disclose" proceeding for purposes of the Commission's *ex parte* rules, 47 C.F.R. §§ 1.1200-1.1216.
